Product overview

AirTex Premium DSK is a highly diffusion-open, two-layer underlay and underlay membrane with double self-adhesive strips made of PET fleece with a monolithic TPU coating.

- CE certified
- Suitable for slate roofing
(in accordance with ZVDH regulations)
- Extremely tear-resistant
- Approved for use as formwork sheeting
- Windproof, waterproof, and impervious to driving rain
- Easy to install and handle
- With cutting pattern
- Coordinated system for temporary roofing
- Oil and surfactant resistant

Technical specifications

Specifications	
Technical	
Colour	Red
Material	TPU
Adhesive tape included	☑
Grammature	220 g/m²
Number of layers	2
Performance	
Temperature resistance (min.)	-40 °C
Temperature resistance (max.)	80 °C
Reaction to fire: Euro class	E
Nail tear strength diagonal	200 N
Nail tear strength length	220 N
Reinforcement	☒
SD value	0.15 M
Stretch length	40 %
Stretch after aging length	40 %
Stretch width	50 %
Stretch after aging width	50 %
Tensile strength diagonal	350 N
Tensile strength length	300 N
Tensile strength diagonal after aging	350 N
Tensile strength length after aging	300 N
