## Product overview

Mage VentiTec is a ridge and hip cap made of black PP fabric with color-coated aluminum skirts glued to the sides and two butyl adhesive strips on the back. It offers lasting protection in all weather conditions and, with an elongation factor of 30% for the aluminum skirts, achieves optimal conformability to the roof covering.

- Optimal protection against flying snow and rain penetration
- Excellent conformability to the covering material
- Also suitable for heavily profiled tile shapes
- Straight alignment ensured by visible, close-meshed center fabric
- Ventilation cross-section in accordance with DIN 4108 Part 3
- Protection against insects and birds flying in

## Technical specifications

| Specifications | |
|---|---|
| **Technical** | |
| **Colour** | Red |
| **Colour indication** | RAL 8004 |
| **Material** | ALU/PP |
| **Performance** | |
| **Ventilation capacity linear** | 178 $cm^2/m$ |
| **Adhesive material** | Butyle |
| **Self adhesive** | ☑ |
| **Stretch length** | 30 % |
| **Stretch width** | 0 % |
| **UV resistance** | ☑ |
| **Dimensions** | |
| **Length gross** | 5 m |
| **Length gross** | 5,000 mm |
| **Width** | 300 mm |
| **Height** | 300 mm |
| **Length nett (working length)** | 5 m |
| **Length nett (working length)** | 5000 mm |
| **Thickness** | 2.6 mm |
| **Net weight** | 0.85 kg |
