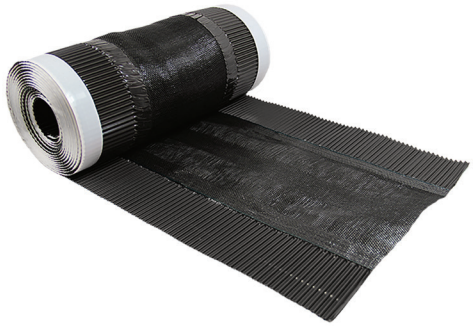
MAGE
Damit Macher machen können.

Product overview

Mage VentiTec is a ridge and hip cap made of black PP fabric with color-coated aluminum skirts glued to the sides and two butyl adhesive strips on the back. It offers lasting protection in all weather conditions and, with an elongation factor of 30% for the aluminum skirts, achieves optimal conformability to the roof covering.

- Optimal protection against flying snow and rain penetration
- Excellent conformability to the covering material
- Also suitable for heavily profiled tile shapes
- Straight alignment ensured by visible, close-meshed center fabric
- Ventilation cross-section in accordance with DIN 4108 Part 3
- Protection against insects and birds flying in



Technical specifications

Specifications	
Technical	
Colour	Black
Colour indication	RAL 9004
Material	ALU/PP
Performance	
Ventilation capacity linear	178 cm^2/m
Adhesive material	Butyle
Self adhesive	☑
Stretch length	30 %
Stretch width	0 %
UV resistance	☑
Dimensions	
Length gross	5 m
Length gross	5,000 mm
Width	350 mm
Height	350 mm
Length nett (working length)	5 m
Length nett (working length)	5000 mm
Thickness	2.6 mm
Net weight	1 kg
