MAGE
Damit Macher machen können.

Product overview

Mage FiRo-Light is a ridge and hip cap made of a special aluminum composite with two butyl adhesive strips on the back. It offers lasting protection in all weather conditions and, with an elongation factor of 30%, achieves optimum conformability to the roof covering.

- Optimal protection against driving snow and rain penetration
- Excellent formability thanks to special aluminum composite material
- Easy bending at the ridge and hip battens thanks to prefabricated bending beads
- Straight alignment guaranteed by the nail strip
- Ventilation cross-section in accordance with DIN 4108 Part 3
- Protection against insects and birds
- ZVDH warranty & QNG certified

Technical specifications

Specifications	
Technical	
Colour	Black
Colour indication	RAL 9004
Material	ALU/PET
Performance	
Ventilation capacity linear	200 cm^2/m
Adhesive material	Butyle
Self adhesive	☑
Stretch length	30 %
Stretch width	0 %
UV resistance	☑
Dimensions	
Length gross	5 m
Length gross	5,000 mm
Width	350 mm
Height	350 mm
Length nett (working length)	5 m
Length nett (working length)	5000 mm
Thickness	2.2 mm
Net weight	0.8 kg
