Product overview

The walkway unit is a universal complete system consisting of four supports with tread plates, a 2000 mm walkway, and fastening materials for safe access to sloped roofs.

- Cranked for 40 x 60 mm battens
- Weather-resistant, durable, and corrosion-resistant
- Infinitely adjustable mounting brackets
- Tested in accordance with the currently valid DIN EN 516 standards and guidelines
- For roof pitches from 15° to 60°
- Suitable for plain tiles, clay tiles, and concrete roof tiles
